December 13	Members and friends Holiday Party – location and timing information to follow.

Notes: Prints of any size may be displayed for viewing and comment during the break at every meeting.

⁽¹⁾ **Image Discussions:** New element for selected meetings. Member(s) bring in images for viewing and open group discussion. One has been identified (4/16), more will be scheduled based on club response.

The emphasis is to be on helping participating members solve problems encountered with the images either while shooting or during after-capture processing.

The purpose is to promote open group dialogue about techniques, equipment, software, or other aspects of photography.

⁽²⁾ **Technical Discussions:** New element for selected meetings. An educational presentation presented by a club member or local subject expert on a specific topic relating either to capturing an image or post-capture processing. One has been scheduled (9/3), but more may be added.

The emphasis is on identifying steps, methods, procedures, or tricks that will help members make better images.

The purpose is to spend time on a subject in open discussion to elevate everyone's understanding.
